### Window Tinting

Requirements: Prior approval must be obtained by Association to install window tint on your unit.

If the Homeowner chooses to use the 'do it yourself' method, the film must be free of air bubbles/lines, and properly cut to fit the complete window area.

You may also choose to have the window tint professionally installed.  
***Please submit a sample of the bronze tint.***

Dark, Mirrored, or other colors are prohibited.

Solar Stat Static Window Film in Bronze is approved for 'do it yourself installation'.

Available for purchase at Home Depot.
