

Casa Park Villas of Tuscawilla, Inc.

WINDOW TREATMENTS

Requirements: The approved window treatments that are allowed to be put in both the front and back windows of the townhomes and villas are: **Vertical Blinds, Venetian Blinds, and Pleated Shades, curtains and drapes. Wooden Shutters must be pre-approved before installation by the Board of Directors.**

All treatments facing outside of unit must be a solid, neutral, or light color.

- No towels or sheets are allowed to be hung in any window. Exception would be for a new resident with a grace period of one week.
- Windows on each unit must be the same. The unit windows must have pane insert in all the windows or none at all. This includes both front and back windows as well as first and second floors.
